

Surya Selvam

Dynamic and motivated Software Developer with a diverse background in web development, design, and visual effects. Proven ability to manage deadlines, collaborate effectively, and deliver innovative and user-friendly solutions. Experienced in integrating AI tools to enhance project outcomes. Possesses strong problem-solving skills, technical proficiency, and a commitment to continuous learning. Seeking a challenging role at Zoho where I can contribute to the development of high-performance and user-centric applications.

Work Experience

Software Developer Aahsolutions | Pondicherry | July 2024 – Present

- Developed a cross-platform desktop application using Electron, React, and Node.js, showcasing skills in modern desktop application development.
- Integrated finance application services and APIs to create a comprehensive and feature-rich application.
- Implemented advanced PDF functionality, including programmatically generating lead sheets and quote sheets, and enabling editing and annotation capabilities directly within the application.
- Managed and worked on all phases of software development lifecycle (SDLC) from planning to implementation.

Textile Designer Gunas Textile | Pondicherry | Jan 2023 – May 2024

- Designed innovative textile patterns and prints, showcasing creative problem-solving and attention to detail.
- Collaborated closely with clients to understand their needs and deliver customized design solutions, demonstrating strong communication and project management skills.
- Utilized software such as Adobe Illustrator and Photoshop, demonstrating proficiency in design tools.

VFX Artist Verve VFX | Pondicherry | Nov 2022 – Dec 2023

- Contributed to high-profile film projects, demonstrating an ability to work in fast-paced environments and meet tight deadlines, while ensuring high-quality visual effects.
- Collaborated effectively within a team environment.
- Developed strong problem-solving and project management skills.
